

PRECIOUS GEMS

J E W E L E R S

WATCH WARRANTY:

We guarantee our watches to operate and keep accurate time with in manufactures specifications for 1 to 2 years from the date of purchase. Certain watches, whenever specified come with the 2 year warranty.

To ensure your watch provides complete satisfaction for many years to come, please follow the instructions listed below:

- Avoid placing your watch near devices generating strong magnetic fields.
- Wherever possible avoid any impact that might damage your watch or affect its running.
- Avoid exposing your watch to extreme temperatures or temperature variations (solar radiation, halogen spotlight, etc.).
- Avoid direct contact with solvents, detergents, perfumes, mosquito repellent or any chemicals, since they may damage your watch's components.
- If the text "WATER RESISTANT" or symbol appears on the case back, (Excluding vintage & estate watches) the water resistance of your watch has been tested to at least a pressure of 3 bar, approximately corresponding to a depth of 30 meters. However, the absolute water resistance of a watch may not be permanently guaranteed. It may be affected by aging of the gaskets, accidental impact on the crown or crystal and other external factors. We recommend having your watch's water resistance tested by a Precious Gems Jewelers service once a year.
- Make sure that the crown is always pushed back into the normal running position, to prevent moisture or dust penetrating into the case.
- Never operate the crown or chronograph push-buttons when the watch is wet or underwater to prevent water penetrating into the case.
- We recommend servicing your mechanical watches every 3-5 years.

Natural materials:**Leather and other skin straps, fabric straps, natural materials straps:**

Since these materials are natural, be sure to protect your strap from prolonged exposure to the sun and moisture, so as not to alter its shape and color. Watches containing these materials should not be used underwater.

Mother of pearl dial, natural materials parts:

The characteristics of natural materials mean that their structure and irregularities may be visible, which makes each piece unique and exclusive.

What is not covered:

Our warranty does not apply to or cover the life of a battery, stem, crown, crystal or wear to the case and bracelet, cord or strap, and does not protect against moisture or water damage if the model is not water resistant. Our warranty does not include damage or apply to defects which are caused, directly or indirectly, by misuse, abuse, negligence of the user, accident, repairs or alteration not made by us (including battery replacement), or tampering with or opening the watch. Our warranty is valid only if the original case, crystal, and crown remain intact, or if any prior work has been performed by Precious Gems Jewelers.
